Freiburg (DE)

EXPERIENCE

Senior Frontend Developer → Mesalvo (Sep 2022 - now, Freiburg)

- Designed and implemented an ecosystem of **multiple libraries** used company-wide (**270+ reusable UI** and logic).
- Developed 15+ **custom React projects**, collaborating with CTO and international develpment and design teams.
- Led the creation of a **multi-tenant Admin Portal** managing 20+ apps with custom needs as real-time validation.
- Optimized UX/UI by **enhancing accessibility**, testing, and dynamic theming in Figma and Storybook.
- Drove DevOps initiatives, **reducing CI/CD build times by 60%**.

Programming teacher - (Feb 2023 - now)

- **Mentored 30+ students** (React, JS, Python) from basics to production-ready apps

Freelance Developer - (Aug 2021 - Apr 2023, Barcelona)

- Delivered **10+ full-stack** web & mobile projects end-to-end, leading frontend architecture (**DDD & Hexagonal**).
- Collaborated directly with design & backend developers to ensure scalable, maintainable solutions under tight deadlines.

Graphic Designer - Nuwe.io (Feb 2021 - Oct 2023)

- Designed **160+ marketing assets & branding** for marketing campaigns.
- Developed media and visual **identity guidelines** for marketing and communication.

Full-Stack Developer - UAB Mèdia (Aug 2019 - Jul 2021, Barcelona)

- Improved and maintained university's digital media service used by 10K+ monthly users, modernizing core React/PHP platform in collaboration with marketing and IT team.

SIDE PROJECTS

Open Source Side Projects

I love building open-source tools. Collectively received 1M+ requests on Vercel in the past year.

- **Pol-UI** → Open-source React UI Library (150+ components) (50k+ downloads)
- **React Beauty Flags** → Handcrafted lightweight React flags icons.
- **Wisemark** → VS Code extension for smart annotations.
