Mataró (Barcelona)

EXPERIENCE

Co-Founder & CTO → Doscientos (Jan 2026 - now, Mataró, ES)

- End-to-End Product & UX Design: Designing the complete UX, information architecture, and design system for **custom B2B software**, CRM solutions, and backoffices tailored for SMEs.
- SME Digital Transformation: Translating complex client business requirements into intuitive UI/UX workflows, replacing legacy spreadsheet habits with modern control dashboards.

Frontend Developer + UX → Mesalvo (Sep 2022 - now, Freiburg, DE)

- Designed and implemented a cross-company UI ecosystem of 270+ components, reducing time-to-market for 20+ projects
- Developed 15+ **custom React projects**, collaborating with CTO, international development and design teams.
- Developed a **multi-tenant Admin Portal** managing 20+ apps with custom needs as real-time validation.
- Optimized UX/UI by **enhancing accessibility**, testing, and dynamic theming in Figma and Storybook.
- Reducing CI/CD build times by 60%, enabling faster deployment cycles and increasing team productivity

Technical Instructor → (Feb 2023 - now, Barcelona)

- **Mentored 35+ students** (React, JS, Python) from basics to production-ready apps

Freelance Developer → (Aug 2021 - Apr 2023, Barcelona, ES)

- Led the end-to-end products, collaborating with designers to ensure scalable architectures under tight deadlines.

Graphic Designer → Nuwe.io (Feb 2021 - Oct 2023, Barcelona, ES)

- Designed **160+ marketing assets & branding** for marketing campaigns and media + visual **identity guidelines**.

OPEN SOURCE SIDE PROJECTS

I love building open-source tools.

Collectively received 1M+ requests on Vercel in the past year.

- **Pol-UI** → Open-source React UI Library (150+ components) (50k+ downloads)
- **React Beauty Flags** → Handcrafted lightweight React flags icons.
- **Wisemark** → VS Code extension for smart annotations.
